

Witches Brew-ski

Recipe: Ilise Goldberg

This is a simple tasty drink that's great to drink while watching a Cubs game, waiting for trick-or-treaters, or taking it on the road in a "go cup" while you're walking your little ghosts, goblins and super heroes around the neighborhood.

Ingredients:

- 1.5 ounces London Dry Gin such as Tanqueray (can easily substitute vodka if you really don't like gin)
- 4 ounces Pomegranate Juice (if you don't have pomegranate juice you can substitute Cranberry)
- Stiegl Radler or similar Grapefruit Radler
- Lemon Wedge

Directions:

- In a pint glass combine gin and pomegranate juice – stir.
- Pour in beer until about an inch from the top, squeeze in a wedge of lemon and mix.

This is also tasty without the lemon if you don't have any handy. As you can see this is a simple and flexible drink.
